

POSI-TECH

HOLE SAWS, BLADES, HAND SAWS

SOBS

Cut holes in wood, plastic, or any machinable metal, including: nail imbedded wood, plywood, pipe, stainless steel, etc.

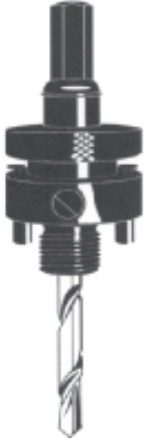

- Bi Metal Construction
- 4/6 Variable pitch
- Positive rake
- 1-1/2" Cutting depth
- Separate arbor required

Special Thanks to TM

RECIPROCATING SAW BLADES

- 8% Cobalt
- Vacuum heat treatment with special temper process.
- 3/4" width with .035" and .050" thickness

PVC SAWS

- One piece Carbon steel construction
- Single disk screw
- Cuts plastic, wood, drywall, PVC and ABS pipe.
